MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

For the first semester of 2015, Vitarich Corporation and its subsidiaries generated consolidated sale of goods of ₱1,400 million, higher by 19% from ₱1,178 million of same semester last year. Higher consolidated revenues were due to the higher volume of feeds and chicken sold. The Company will continue with its aggressive marketing campaigns, to further expand its sales and distribution network, strengthen market visibility of Group products, and likewise find and identify its niche in the market. Similarly, the Group will continue to pursue improvement of margins through optimum size distribution and efficient supply chain and enhancing efficiency and productivity.

Raw material prices improved compared last year due to continuous decline of energy and protein material prices plus the discounts taken from cash-on-delivery (COD) buying. It is forecasted that prices of raw materials for the next quarter will remain stable and will improve specially the protein and energy sources.

The Company generated gross profit of ₱137 million as of June 30, 2015, 181% higher from a year ago due to better cost and efficiency of its poultry and feed operations, improved inventory management, and lower raw material costs.

As of June 30, 2015, consolidated operating expenses increased by 3.7% from ₱152 million from the same period of the previous year to ₱157 million.

Other operating income as of June 30, 2015 decreased by 26% against the other operating income for the same period last year.

As a result of cost savings, improved efficiencies, better raw material prices, and increased volume, the Company achieved an operating income of ₱29 million or an increase of 184% versus same period of last year.

Other charges increased from ₱7 million to ₱119 million due to loss on sale of property, plant, and equipment and provision of probable losses. This has resulted to a consolidated net loss before income tax for the period of ₱90 million as against last year's loss of ₱43 million.

Corporate Action Plan:

Proceeds from the sale of its Bulacan feedmill property were used for debt repayment and for working capital. Putting to use the working capital provided by the property sale, the Group expects a turnaround in its operations in 2015. Relatively debt free and with sufficient working capital, the Group is now focused on growing its business. The Group has lined up the following programs that will help achieve its revenue and net income targets for 2015:

1. Expanding the poultry business by increasing breeder capacity;
2. Significantly increasing volume base by repositioning of animal and aqua feed lines;
3. Increasing food market base by developing chicken and dory value-added products;
4. Helping their farmers in all aspects of production, such as providing the concentrate, analyzing inputs, lab analysis, and providing seminars on how to properly feed and take care of the livestock.

Subsidiaries:

Gromax, Inc. is a wholly owned subsidiary of Vitarich which started commercial operation in January 1996. Previously, Gromax was a division of Vitarich, which was spun off to a separate entity. Gromax was registered with SEC on November 10, 1995.

Gromax is presently engaged in the manufacture of animal health and nutritional products for commercial sales as well as for use of its parent Company (Vitarich) in its contract breeding and contract growing operations.

Gromax manufactures, prepares, processes, mixes, distributes and sells innovative and high quality animal health and nutritional products, feed additives and commodities for poultry and livestock to contract growers, contract breeders, poultry and swine farms, feed mills, distributors, cooperatives, and poultry integrators throughout the country.

Aside from catering to its internal breeders and growers, it had expanded its animal health products to include hog and dairy products from cattle, goat and carabao.

The registered office of Gromax is located at the Vitarich compound, Sta. Rosa I, Marilao, Bulacan. The registered office of its parent Company is also the same with the registered office of the said Company.

Philippine's Favorite Chicken Inc. (PFCI), one of the subsidiaries of Vitarich, entered into distribution agreements in 1995 with America's Favorite Chicken Company (AFC), a Company that operates the Church's Chicken and Popeye's Chicken restaurants in the United States. Under these distribution agreements, PFCI will distribute the paper goods, restaurant supplies, equipment, and food products to Texas Manok Atbp. Inc. (TMA). The latter corporation, which is owned by the Sarmiento family, in turn, entered into a development and franchise agreement with AFC. Under the development agreement between TMA and AFC, PFCI was granted the exclusive right to develop an aggregate of fifty (50) Texas Chicken and fifty (50) Popeye's Chicken restaurants in the Philippines in consideration for territorial and franchise fees payable to AFC as stipulated in the agreements. In addition, a 5% percent royalty fee based on sales is assessed for each franchised restaurant. This royalty is being paid by TMA, the operator of the restaurant.

The franchise agreement allows the PFCI to use the Texas Chicken and Popeye's Chicken trade names, service marks, logos, food formulae and recipes, and other exclusive rights to the proprietary Texas and Popeye's Chicken System.

The development of the restaurants is scheduled over a period of seven years starting in 1995 for Texas Chicken and 1996 for Popeye's. The franchise agreement shall be for a period of ten (10) years for each restaurant unit, renewable for four additional periods of five years each, at the option of the franchisee. However, PFCI, in 2000, lost its right to develop Popeye's Chicken in the Philippines.

On October 1, 1998, the Board of Directors of PFCI approved the conversion into equity of the advances of Vitarich Corporation to PFCI amounting to ₱165 million to be applied to its unpaid subscriptions and for additional shares of stock of PFCI. Out of the ₱165 million advances to be converted into equity, ₱25 million was applied to Vitarich's unpaid subscription while the remaining ₱140 million was shown under Deposit on Future Stock Subscriptions account pending the approval from the SEC of the conversion.

In 2003, PFCI reverted the investment in shares of stock in PFCI to Advances to subsidiaries amounting to ₱140 million, as the Board of Directors of PFCI decided not to pursue its application with the SEC to convert into equity the advances received from Vitarich. PFCI initially recorded the transaction as an increase in investment in shares of stock in PFCI and a decrease in advances to subsidiaries when the Board of Directors of PFCI approved the proposed conversion in 1998.

AFC unilaterally terminated its development and franchise agreements with PFCI in 2001. As a result, in August 2001, PFCI and TMA filed a case against AFC and some of AFC's officers, such as Tom Johnson, Anthony Pavese and Loreta Sassen, among others, for undue termination of the development and franchise agreements with the Regional Trial Court of Pasig City, docketed as Civil Case No. 68583. The case called for injunction, specific performance, sum of money, and damages against AFC and some of its officers.

In connection with such legal action, in 2001, PFCI recognized as claims receivable, as of December 31, 2001, certain losses arising from the closure of certain Texas Chicken restaurants and legal fees incurred relating to the case filed against AFC. Losses recognized as claims receivable include, among others, the loss on write-off of leasehold and building improvements relating to the closed stores. The total amount recognized as claims receivable (presented as part of Other Non-current Assets account in the condensed interim consolidated balance sheets) totaled ₱23.2 million as of December 31, 2001.

The Regional Trial Court of Pasig City, in a decision dated April 3, 2002, approved the issuance of a preliminary writ of attachment on the properties of AFC in the Philippines upon posting of PFCI and TMA of a bond amounting to ₱100 million. Management believed that this case would be settled in favor of the PFCI and TMA.

On September 24, 2003, the trial court granted the Motion to Dismiss filed by two of the defendants. PFCI, in turn, filed a Motion for Partial Reconsideration of the order. Moreover, AFC has filed a Petition for Certiorari before the Court of Appeals assailing the validity of the trial court previously issued writ of attachment.

On December 22, 2004, the parties have entered into a compromise agreement for the settlement of the case of which the parties have filed a joint motion to dismiss before the Regional Trial Court of Pasig City, Branch 152.

On March 4, 2005, the Regional Trial Court of Pasig City, Branch 152 had approved the Joint Motion to Dismiss filed by the parties based on the Compromise Agreement entered into by them, thus, putting an end to the case.

In 2005, the Company discontinued operations of its Texas Manok's Restaurants. Accordingly, it terminated all its employees and provided full valuation allowances on all its remaining assets.

Although the BOD and stockholders have not yet formally adopted a plan to liquidate the Company, the financial statements are presented under the liquidation basis of accounting to appropriately reflect the significant changes in the Company's status of operations.

Financial Condition

Unaudited balance sheet as at June 30, 2015 vs. audited December 31, 2014

The Company's consolidated total assets as of June 30, 2015 stood at ₱2,186 million, 7.9% lower than December 31, 2014 level of ₱2,375 million. Total current assets decreased from ₱1,376 million as at December 31, 2014 to ₱1,324 million as at June 30, 2015.

Cash balance decreased by 12.8% from ₱242 million as at December 31, 2014 to ₱211 million as at June 30, 2015. The reduction in cash was attributed to net cash outflows used in operating activities.

Inventories went down by 15.6% due to the decrease in purchases.

Other current assets account of ₱73 million as of June 30, 2015 increased by 33% as compared to ₱55 million as of December 31, 2014 due to input value added tax.

Investment properties went down by 30% from ₱610 million to ₱407 million due to disposal of property.

Net deferred taxes increased by 324% from ₱7 million to ₱27 million due reversal of temporary difference.

Other non-current assets increased by ₱9.7 million due to the improvement on the Company's accounting software.

Total current liabilities for the period ended June 30, 2015 amounted to ₱1,242 million, lower by 9% as compared to its balance as of December 31, 2014.

Stockholders' equity decreased by 10% from ₱754 million to ₱683 million, due to net loss posted as of the second semester of 2015.

The Corporation's top five (5) key performance indicators are described as follows:

	Unaudited June 2015	Unaudited June 2014
Revenue (₱ million)	₱1,400	₱1,178
Cost Contribution (₱ million)	1,263	1,129
Gross Profit Rate (%)	10%	4%
Operating Income (Loss) (₱ million)	29	(35)

1) Sales Volume, Price, and Revenue Growth

Consolidated revenue composed of feeds, day old chicks, chicken, animal health products, and dory fish sales amounted to ₱1,400 million, higher than the same period last year of ₱1,178 million, mainly because of higher sales volume of animal and aqua feeds and new customers.

2) Cost Contribution

This measures the cost efficiency of the products and trend of raw materials prices, particularly importations wherein there are foreign exchange exposures. Costs are analyzed on a regular basis for management's better strategic decisions in cost reduction and efficiency measures.

3) Gross Profit Rate

The review is done on a regular basis to check if the targets are being met based on the forecasted gross profit rate. This is being done on a regular basis for proper and immediate action.

4) Operating Margin

This is the result after operating expenses are deducted. Review of operating expenses is performed on a regular basis. These are being analyzed and compared against budget, last month and previous years, to ensure that cost reduction measures are being met and implemented.

VITARICH CORPORATION AND SUBSIDIARIES

NOTES TO CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS FOR THE SIX MONTHS ENDED JUNE 30, 2015

1. Corporate Information and Status of Operations

Vitarich Corporation (the Company) was incorporated in the Philippines and registered with the Securities and Exchange Commission (SEC) on July 31, 1962. On March 30, 2012, the SEC approved the extension of its corporate life for another 50 years. The Company's shares of stock were registered with the Philippine Stock Exchange on February 8, 1995.

The subsidiaries of the Company are as follows:

	Line of Business	Percentage of Ownership
Gromax, Inc. (Gromax)	Manufacturing	100.00
Philippines Favorite Chicken, Inc. (PFCI)*	Distributor	100.00

**Ceased its operations in 2005.*

The Company and its subsidiaries are collectively referred to as "the Group".

The Company is under a Corporate Rehabilitation Plan (Plan) approved by the Regional Trial Court of Malolos, Bulacan (Rehabilitation Court) on May 31, 2007. The implementation of the Plan resulted mainly in the restructuring of Company debt aggregating ₱3.2 billion (at original amount) resulting to longer payment terms and the lowering of interest. During the year ended December 31, 2013, Kormasinc, Inc. (Kormasinc), acquired the debt from the Company creditors comprising of local banks and special purpose asset vehicles (SPAV) companies and entered into a memorandum of agreement with the Company for a debt to equity conversion on September 20, 2013. Pursuant to the agreement, ₱2.4 billion of the acquired remaining debt of ₱3.2 billion (including interest of ₱200.0 million) was converted to equity at one peso (₱1.00) for every one (1) share of stock on the remaining available shares and on the increase in the Company's authorized capital stock from ₱0.5 billion to ₱3.5 billion.

On October 16, 2013, the SEC approved the debt to equity conversion and the Company's increase in authorized capital stock. Consequently, Kormasinc acquired 85.29% ownership of the Company. In 2014, Kormasinc reduced its equity interest in the Company from 85.29% to 69.75%.

In 2014, the Company's Board of Directors (BOD) approved the disposal of its major feed mill and the land where it is located at Marilao, Bulacan and several noncore assets with an aggregate carrying value of ₱1,288.7 million for ₱659.4 million. The proceeds were used to further reduce outstanding liabilities and generate needed working capital. Loss on the sale of assets amounted to ₱629.3 million.

The Company started outsourcing its manufacturing capability and leasing warehouse facilities in Guiguinto, Bulacan and Valenzuela City for its feed milling requirements for its Luzon operation. The Company also constructed a new office building in Marilao, Bulacan.

The registered principal place of business of the Group is located at Marilao-San Jose Road, Sta. Rosa I, Marilao, Bulacan. The Group has operating offices in Luzon, Iloilo and Davao, and maintains satellite offices in Southern Philippines.

Status of Operations

The Group has incurred losses resulting into a deficit of ₱2,521.6 million and ₱2,451.8 million as at June 30, 2015 and December 31, 2014, respectively, mainly because of interest expense on its restructured debt and operational difficulties. Pursuant to management plan, Kormasinc (stockholder) acquired all the restructured debt and entered into a debt to equity conversion with the Company in 2013. Moreover, the Company disposed off its major feed mill in 2014 to further reduce the debt and to generate necessary working capital.

The debt presented in the financial statements as payable to stockholder was substantially reduced to ₱207.1 million in 2015 and ₱270.4 million in 2014, excluding interest of ₱200.0 million in both years.

The Group is focusing towards establishing operational partnerships, strengthening its core products by improving quality standards, continuing its cost reduction program and revisiting customer and supplier terms to increase sales and to improve operating results. As a result of the implementation of these programs, the Group generated operating income of ₱29.4 million for the six months ended June 30, 2015.

The ability, however of the Group to continue as a going concern depends on the successful implementation of these programs.

2. Basis of Preparation and Statement of Compliance

The unaudited interim consolidated financial statements of the Group have been prepared on the historical cost basis of accounting, except for property, plant and equipment and investment properties which are stated at fair value, and are presented in Philippine Peso, the Group's functional and presentation currency. All values represent absolute amounts except when otherwise stated.

The unaudited interim consolidated financial statements do not include all the information and disclosures required in the annual financial statements, and should be read in conjunction with the Group's annual consolidated financial statements as at December 31, 2014.

The unaudited interim consolidated financial statements of the Group for the three (3) months ended March 31, 2015 have been prepared in accordance with PAS 34, *Interim Financial Reporting* and in compliance with Philippine Financial Reporting Standards (PFRS) issued by the Philippine Financial Reporting Standards Council (FRSC) and adopted by the SEC. This financial reporting framework includes PFRS, Philippine Accounting Standards (PAS), Philippine Interpretations from International Financial Reporting Interpretations Committee (IFRIC) and SEC provisions.

3. Summary of Significant Accounting Policies

Adoption of New and Revised PFRS

The accounting policies adopted are consistent with those of the previous financial year, except for the adoption of the following new and amended PFRS and Philippine Interpretation from IFRIC which the Group adopted effective January 1, 2014:

- Amendments to PAS 32, *Financial Instruments: Presentation - Offsetting Financial Assets and Financial Liabilities* – The amendments address inconsistencies in current practice when applying the offsetting criteria in PAS 32. The amendments clarify (1) the meaning of ‘currently has a legally enforceable right of set-off’; and (2) that some gross settlement systems may be considered equivalent to net settlement.
- Amendments to PAS 36, *Impairment of Assets - Recoverable Amount Disclosures for Non-Financial Assets* – These amendments remove the unintended consequences of PFRS 13, *Fair Value Measurement*, on the disclosures required under PAS 36. In addition, these amendments require disclosure of the recoverable amounts for the assets or cash-generating units (CGUs) for which impairment loss has been recognized or reversed during the period. The amendments affect disclosures only and have no impact on the Group’s financial position or performance.
- Amendments to PFRS 10, *Consolidated Financial Statements*, PFRS 12, *Disclosure of Interests in Other Entities* and PAS 27, *Separate Financial Statements - Investment Entities* – These amendments provide an exception to the consolidation requirement for entities that meet the definition of an investment entity under PFRS 10. The exception to consolidation requires investment entities to account for subsidiaries at fair value through profit or loss.
- Philippine Interpretation IFRIC 21, *Levies* – This interpretation clarifies that an entity recognizes a liability for a levy when the activity that triggers payment occurs as identified by the relevant legislation. For a levy that is triggered upon reaching a minimum threshold, the interpretation clarifies that no liability should be anticipated before the specified minimum threshold is reached.

The adoption of the foregoing new and revised PFRS did not have any material effect on the unaudited interim consolidated financial statements. Additional disclosures have been included in the notes to unaudited interim consolidated financial statements, as applicable.

New and Revised PFRS Not Yet Adopted

Relevant new and revised PFRS which are not yet effective for the year ending December 31, 2014 and have not been applied in preparing the unaudited interim financial statements are summarized below.

Effective for annual periods beginning on or after July 1, 2014:

- Amendment to PAS 16, *Property, Plant and Equipment - Revaluation Method - Proportionate Restatement of Accumulated Depreciation* – The amendment clarifies that, upon revaluation of an item of property, plant and equipment, the carrying amount of the asset shall be adjusted to the revalued amount, and the asset shall be treated in one of the following ways: (a) the gross carrying amount is adjusted in a manner that is consistent with the revaluation of the carrying amount of the asset. The accumulated depreciation at the date of revaluation is adjusted to equal the difference between the gross carrying amount and the carrying amount of the asset after taking into account any accumulated impairment losses; or (b) the accumulated depreciation is eliminated against the gross carrying amount of the asset.

- Amendments to PAS 19, *Employee Benefits - Defined Benefit Plans: Employee Contributions* – The amendments apply to contributions from employees or third parties to defined benefit plans. Contributions that are set out in the formal terms of the plan shall be accounted for as reductions to current service costs if they are linked to service or as part of the remeasurements of the net defined benefit asset or liability if they are not linked to service. Contributions that are discretionary shall be accounted for as reductions of current service cost upon payment of these contributions to the plans.
- Amendments to PAS 24, *Related Party Disclosures - Key Management Personnel* – The amendments clarify that an entity is a related party of the reporting entity if the said entity, or any member of a group for which it is a part of, provides key management personnel services to the reporting entity or to the parent company of the reporting entity. The amendments also clarify that a reporting entity that obtains management personnel services from another entity (also referred to as management entity) is not required to disclose the compensation paid or payable by the management entity to its employees or directors. The reporting entity is required to disclose the amounts incurred for the key management personnel services provided by a separate management entity.
- Amendments to PAS 38, *Intangible Assets - Revaluation Method - Proportionate Restatement of Accumulated Amortization* – The amendments clarify that, upon revaluation of an intangible asset, the carrying amount of the asset shall be adjusted to the revalued amount, and the asset shall be treated in one of the following ways: (a) the gross carrying amount is adjusted in a manner that is consistent with the revaluation of the carrying amount of the asset. The accumulated amortization at the date of revaluation is adjusted to equal the difference between the gross carrying amount and the carrying amount of the asset after taking into account any accumulated impairment losses; or (b) the accumulated amortization is eliminated against the gross carrying amount of the asset.

The amendments also clarify that the amount of the adjustment of the accumulated amortization should form part of the increase or decrease in the carrying amount accounted for in accordance with PAS 38.

- Amendment to PAS 40, *Investment Property - Clarifying the Interrelationship between PFRS 3, Business Combination and PAS 40 when Classifying Property as Investment Property or Owner-occupied Property* – The amendment clarifies that determining whether a specific transaction meets the definition of both a business combination and investment property requires the separate application of PAS 40 and PFRS 3, *Business Combination*.
- Amendments to PFRS 8, *Operating Segments - Aggregation of Operating Segments and Reconciliation of the Total of the Reportable Segments' Assets to the Entity's Assets* – The amendments require entities to disclose the judgment made by management in aggregating two or more operating segments. This disclosure should include a brief description of the operating segments that have been aggregated in this way and the economic indicators that have been assessed in determining that the aggregated operating segments share similar economic characteristics. The amendments also clarify that an entity shall provide reconciliations of the total of the reportable segments' assets to the entity's assets if such amounts are regularly provided to the chief operating decision maker.
- Amendments to PFRS 13, *Fair Value Measurement - Short-term Receivables and Payables and Portfolio Exception* – The amendments clarify that short-term receivables and payables with no stated interest rates can be measured at invoice amounts when the effect of discounting is immaterial.

It also clarifies that the scope of the portfolio exception includes all contracts accounted for within the scope of PAS 39, *Financial Instruments: Recognition and Measurement* or PFRS 9, *Financial Instruments*, regardless of whether they meet the definition of financial assets or financial liabilities.

Effective for annual periods beginning on or after January 1, 2018:

- PFRS 9, *Financial Instruments: Classification and Measurement* – This standard establishes principles for the financial reporting of financial assets and liabilities that will present relevant and useful information to users of financial statements for their assessment of the amount, timing and uncertainty of an entity's future cash flows.

Under prevailing circumstances, the adoption of the foregoing new and revised PFRS is not expected to have any material effect on the unaudited interim consolidated financial statements. Additional disclosures will be included in the unaudited interim consolidated financial statements, as applicable.

4. Trade and Other Receivables

Trade receivables are usually due within 30 to 90 days and are noninterest-bearing.

Nontrade receivables comprise mainly of receivables arising from incidental income of the Group such as tolling and rentals.

Advances to officers and employees are unsecured, noninterest-bearing and subject to liquidation for a specified period of time of about one year.

Receivable from disposal of properties pertains to unpaid balances from the sale of property, plant and equipment and other investment properties.

Other receivables comprise mainly of unsecured, non-interest bearing advances to suppliers, advances to contract growers and breeders, short term deposits and claims from SSS.

The Group's claim for settlement for typhoon damages from the Philippine Charter Insurance Corporation (now Charter Ping An Insurance Corporation) is still ongoing. The Court Order for a partial payment of ₱150.0 million of the insurance claims of ₱316.0 million is pending with the Supreme Court. Pursuant to the Insurance Code, the Group is entitled to interest on its claim at a

rate twice the ceiling prescribed by the Monetary Board beginning March 12, 2010, 90 days from the date the Group has filed the claim.

Fair Value Measurement

Investment properties are revalued periodically at fair values as determined by an independent firm of appraisers. The latest appraisal report was prepared on March 4, 2015. The fair value measurement for investment properties has been categorized as level 3 (significant unobservable inputs).

Description of valuation techniques used and key inputs to valuation on investment properties follows:

	Valuation Technique	Significant unobservable Inputs	Range (weighted average)
Land	Sales Comparison Approach	Selling price per square meters	₱523 sq. m.
Building	Sales Comparison Approach	Sound value at market rate	5 - 10 years remaining useful life

9. Trade & Other Payables

This account consists of (*in thousand Pesos*):

	Unaudited	Audited
	Jun 2015	Dec 2014
Trade and nontrade	₱748,418	₱705,755
Accrued expenses	105,972	103,015
Due to related parties	59,780	60,168
Customers' deposits	55,230	29,115
Provisions	25,813	56,044
Advances	–	87,500
Other	7,422	19,022

Less noncurrent portion	168,144	168,144
Current portion	₱834,491	₱892,475

Trade payables primarily consist of liabilities arising from purchases of raw materials related to the normal course of business. These are noninterest-bearing and are generally on a 90-day credit term.

Nontrade payables primarily consist of liabilities arising from purchases of goods, other than raw materials, and various services giving rise to expenses such as trucking fees, utilities, security services and inspection fees, among others. These are settled throughout the year.

Accrued expenses mainly pertain to plant and office supplies, other services, salaries, among others that are normally settled throughout the year.

Provisions include PFCI obligations which include an estimated liability of ₱25.8 million from a legal case for non-payment of rentals. PFCI ceased operations in 2005. The case is pending decision before the Court of Appeals. Remaining amount pertains to a provision to cover a probable claim from a third party. Pursuant to PFRS, the Group is allowed not to disclose information that may jeopardize the Group's position on the claim. Advances include amount received from a buyer for the sale of investment properties still under negotiation and amount received from a third party to pay a liability.

Customers' deposits are amounts received from animal and aqua feeds' customers. These serve as collateral for any of their unpaid balances.

Other payables consist of social security premiums payable and statutory liabilities.

The noncurrent portion of trade and other payables were liabilities held for payment by the Rehabilitation Court. The payment terms and conditions, however, pursuant to the Plan are yet to be determined by the Rehabilitation Court. Accordingly, these financial liabilities are carried at nominal values and are presented as noncurrent liabilities.

10. Payable to Stockholder

Settlement of Restructured Debt. As discussed in Note 1, during the year ended December 31, 2013, Kormasinc acquired the Company's restructured debt from creditors comprising of local banks and SPAV companies and entered into a memorandum of agreement with the Company for a debt to equity conversion on September 20, 2013. Pursuant to the agreement, ₱2.4 billion of the restructured debt of ₱3.2 billion (including interest of ₱200.0 million) was converted to equity at one peso (₱1.00) for every one (1) share of stock on the remaining available shares and on the increase in authorized capital stock from ₱0.5 billion to ₱3.5 billion. The SEC approved, on October 16, 2013, the debt to equity conversion and the Company's increase in authorized capital stock. Consequently, Kormasinc acquired 85.29% ownership of the Company.

The transfer of interest on the restructured loan to Kormasinc and the debt to equity conversion of the Company's loan to Kormasinc resulted to the reversal of the unamortized "day 1" gain on the loan amounting to ₱681.8 million as at September 20, 2013. However, the subsequent approval by the SEC of the debt to equity conversion resulted to a pro-forma accounting income of ₱689.2 million arising from the difference between the market value and the par value of the shares at which price the debt was converted to equity.

Summarized below are the outstanding accounts, arising from the foregoing transactions (*in thousand Pesos*):

	Relationship	Nature of Transactions	June 2015 (Unaudited)		2014 (Audited)	
			Amount of Transactions	Outstanding Balances	Amount of Transactions	Outstanding Balances
Kormasinc	Parent Company	Restructured debt acquired	(₱63,272)	₱175,027	(₱399,590)	₱238,299
		Trade payables acquired	-	32,098	32,098	32,098
		Interest on restructured debt	-	199,986	-	199,986
				₱407,111		₱470,383

The terms of the payment of the loan are still subject to negotiation. Interest on the loan from the period September 2013 to December 2014 was waived by Kormasinc. In 2014, ₱350.4 million of the proceeds from the disposal of several core and noncore assets were applied against the outstanding debt.

Discounting of Receivables Offset against Payable to Stockholder. On December 12, 2014, the Company's BOD approved the discounting of Company's receivable from Luz Farms, Inc. (LFI) to Kormasinc for a 50% discount considering the financial capability of LFI. Consequently, on the same date, the Company entered into a memorandum of agreement with Kormasinc discounting the Company's receivable from LFI for ₱49.2 million. Proceeds were used to offset portion of the Company's payable to Kormasinc. Loss on the discounting amounted to ₱49.2 million.

Trade Payables acquired by Kormasinc. In 2014, Group trade payables aggregating ₱32.1 million were acquired by Kormasinc from suppliers.

11. Cash Bond Deposits

Cash bond deposits amounting to ₱18.3 million and ₱16.4 million as at June 30, 2015 and December 31, 2014, respectively, substantially consist of surety bond deposits obtained from contract growers, contract breeders, customers and salesmen.

The carrying amounts of the cash bond deposits are at nominal values because the timing of the refund or settlement could not be reasonably estimated.

12. Equity

Capital Stock

The Company has authorized capital stock of 3.5 billion shares at ₱1 par value equivalent to ₱3.5 billion.

The BOD approved the increase in the Company's authorized capital stock from 500 million shares of stock at ₱1.00 par value equivalent to ₱500 million to (a) 1.0 billion shares of stock at ₱1.00 par value equivalent to ₱1.0 billion on May 27, 2010, (b) 1.5 billion shares of stock at ₱1.00 par value equivalent to ₱1.5 billion on June 1, 2012, and (c) 3.5 billion shares of stock at ₱1.00 par value equivalent ₱3.5 billion on August 28, 2012.

On September 20, 2013, the BOD approved the conversion of part of the Company's debts to Kormasinc amounting to ₱2.4 billion into equity at a ratio of 1:1 or 1 share of common stock for every ₱1.00 debt in which ₱90.0 million shall be applied as payment for the issuance of the 90,030,236 shares out of the existing unissued shares, while ₱2.3 billion shall be applied as payment for the additional shares of stock which shall be issued out of the increase in the authorized capital stock.

The increase in authorized capital stock and the debt-to-equity conversion were approved by the SEC on October 16, 2013.

The total number of shareholders of the Company is 4,352 and 4,414 as at December 31, 2014 and 2013, respectively.

Additional Paid-in Capital

The approval by the SEC of the debt to equity conversion resulted to a pro-forma accounting income of ₱689.2 million and a reduction of the additional paid-in capital (APIC) of the same amount arising from the difference between the market value and the par value of the shares at which price the debt was converted to equity. APIC amounted to ₱224.5 million as at June 30, 2015 and December 31, 2014.

13. Loss Per Share

Basic and diluted loss per share were computed as follows (*in thousand Pesos*):

	Unaudited Jun 2015	Audited Dec 2014
Net loss for the year	₱71,549	₱578,213
Divided by the weighted average number of outstanding shares	2,786,498	2,786,498
Loss per share - basic and diluted	₱0.03	₱0.21

Diluted loss per share is equal to the basic loss per share since the Group does not have potential dilutive shares.

14. Segment Information

The Company's operating businesses and those of its subsidiaries are organized and managed separately according to the nature of products and services provided, with each segment representing a strategic business unit that offers different products and serves different markets.

- a) The Food segment is engaged in the growing, production and distribution of chicken broilers, either as live or dressed. Its products are distributed to wet markets and supermarkets.
- b) The Feeds segment caters to the feed requirement of the poultry, livestock, and fish growers. It is engaged in the manufacture and distribution of animal and aqua feeds, animal health and nutritional products, and feed supplements.
- c) The Farms segment is involved in the production of day-old chicks.
- d) The Corporate and Others segment includes general and corporate income and expense items which are not specifically identifiable to a particular segment.

Segment assets and liabilities include all operating assets used by a segment and consist principally of operating cash, receivables, inventories and property, plant and equipment, net of allowance. Segment liabilities include all operating liabilities and consist principally of accounts, wages, and taxes currently payable and accrued liabilities. Segment liabilities do not include deferred tax liabilities.

The Company generally accounts for intersegment sales and transfers at cost.

Currently, the Group's operation is only in the Philippines, hence it has no geographical segment. The Group, however, has manufacturing plants in different regions of the country.

15. Risk Management Objectives and Policies

The Group is exposed to a variety of financial risks which result from its operating, financing and investing activities. The Group's overall risk management program focuses on the unpredictability of the markets and seeks to minimize potential adverse effects on the Group's performance.

The Group does not engage in the trading of financial assets for speculative purposes nor does it write options. The financial risks, which the Group is exposed to, are described below:

Foreign Currency Sensitivity

To a certain extent, the Group has an exposure to foreign currency risks as some of its raw materials purchases are sourced outside the Philippines and are therefore denominated in foreign currencies. However, the Group has not yet experienced significant losses due to the effect of foreign currency fluctuations since purchases denominated in foreign currency are kept at a minimum.

Credit Risk

Generally, the maximum credit risk exposure of the financial assets is the carrying amount of the financial assets as shown on the face of the consolidated statements of financial position.

The Group continuously monitors defaults of counterparties, identified either individually or by group, and incorporates this information into its credit risk controls. Where available at a reasonable cost, external credit ratings and/or reports on counterparties are obtained and used. The Group's policy is to deal only with creditworthy counterparties.

The Group's trade and other receivables are not exposed to a concentration of credit risk as the Group deals with a number of customers. The trade and other receivables are actively monitored and assessed, and where necessary an adequate level of provision is maintained. In addition, to minimize credit risk, the Group requires collateral, generally land and real estate, from its customers.

The Group's management considers that trade and other receivables that are not impaired nor past due for each reporting periods are of good credit quality.

Liquidity Risk

The Group manages its liquidity profile to be able to service its long-term debt as these fall due by maintaining sufficient cash from operations. The Group maintains cash to meet its liquidity requirements for up to 30-day periods. Noncurrent trade and other payables later than 5 years pertain to liabilities as of the date of filing of the Plan wherein the Rehabilitation Court issued Stay Order prohibiting the Company from making any payments thereof.

Price Risk

The Group is exposed to commodity price risk as the raw materials of its main products are subject to price swings. The Group's management actively seeks means to minimize exposure to such risk.
