Re: Unusual price movement in the trading of VITA shares

Gentlemen:

We write in reply to your inquiry on the unusual price movement in the trading of Vita shares at 11:22:37 AM today, July 8, 2014 from P0.87 to P1.30 per share.

There are two material information that we disclosed to the Exchange on July 4, 2014, to wit:

- The approval of the Board to authorize Mr. Ricardo Manuel M. Sarmiento, Executive Vice President/COO, to petition the Rehabilitation Court to declare that the rehabilitation of the Corporation has been successfully completed, and to allow the Corporation to exit from the rehabilitation and
- The approval of the Board to sell the Marilao property to pay off its remaining obligations and to raise operating capital.

We may only surmise that these disclosures might be the reason for the increase of the price of our shares. Other than these, we are not aware of any undisclosed information that could have triggered the movement of the shares.

With this, we hope that we have answered your concerns in a timely manner and we hope that the Exchange will not impose a trading halt on Vita shares.

Very truly yours,

PEDRO T. DABU JR.
