This refers to your letter dated July 8, 2014 requesting us to clarify or confirm the news article entitled “Vitarich sees rehab exit by September” posted in the Business Mirror on July 7, 2014, quoted as follows:

“VITARICH Corp., one of the country’s pioneer in poultry and feeds manufacturing but fell as a result of the Asian financial crisis, expects to exit from its court-approved corporate rehabilitation by September this year, after the infusion of capital into the firm. … The exit from rehabilitation is a plan of the Company. It is targeting the exit by September 2014. Legal steps to attain this objective are already being undertaken but whether the exit will be approved in September or not is upon the rehabilitation court’s discretion.

Vitarich executive Vice President and Chief Operating Officer Ricardo Manuel Sarmiento on Monday said the Securities and Exchange Commission has approved their proposed debt-to-equity conversion of some P2.38 billion of the company’s debt. … We would like to confirm this statement. This was disclosed to PSE on October 29, 2013 (VITA certificate of approval on increase in capital stocks and valuation)

ADM Capital and Altus Capital have infused capital into Vitarich through Kormasinc Inc., a special-purpose company that has been set up to absorb all of Vitarich’s debts. …. Kormasinc, our creditor, is a separate and distinct entity from us. We know only what they tell us and we are not privy to their transaction and business interest. It was Kormasinc, not Vitarich, that obtained the funding and capital. It is best to contact Kormasinc directly.

‘The PSE [Philippine Stock Exchange] approval is on its way,’ Sarmiento said in a briefing with reporters. Sarmiento said that even after the company exited from corporate rehabilitation, it will still have some P300 million in remaining debt, which Vitarich can repay by doing another round of debt-to-equity conversion or some receivables that it may assign to Kormasinc. … We would like to confirm this statement. This was disclosed to PSE on July 4, 2014 (Board of Directors approval of sale of the Marilao properties)

Sarmiento said the company has already disposed many of its non-core assets, but Vitarich still has remaining properties amounting to P1 billion. The company earlier said it sold its 13-hectare property in Marilao, Bulacan, to low-cost housing developer 8990 Holdings Inc. for P610 million.

Sarmiento said the company is only using 30 percent of its Marilao plant’s capacity. He explained the proceeds of sale will be used to pay off a portion of the remaining debt and also some P100 million as additional working capital. … We would like to confirm these statements. This was disclosed to PSE on July 4, 2014 (Board of Directors approval of sale of the Marilao properties)
