MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Vitarich Corporation was incorporated on July 31, 1962 to engage primarily in manufacturing and selling of feeds and livestock. On March 30, 2012, the SEC approved the extension of its corporate life for another 50 years. The Company's shares of stock were registered with the Philippine Stock Exchange on February 8, 1995.

On October 16, 2013, the SEC approved the Company's increase in authorized capital to P3.5 billion and the conversion of Company debts amounting to P2.4 billion to Kormasinc, Inc. (Kormasinc) into equity at 1 share of common stock for every P1.00 debt. Of the converted debt, P90.0 million was applied as payment for 90,030,236 shares from unissued shares and P2.3 billion was applied as payment for additional shares from the increase in authorized capital.

With the debt to equity conversion and significant improvement in the Company's operations, the Regional Trial Court of Malolos, Bulacan (the Rehabilitation Court) approved the Company's exit from Corporate Rehabilitation on September 16, 2016.

On June 30, 2017, the Company's stockholders approved the Company's plan to undergo an Quasi-reorganization. The Company will reduce the par value of the Company share and the existing additional paid-in capital and outstanding revaluation surplus will be applied to eliminate the Company deficit of P2.2 billion as at December 31, 2017.

On July 26, 2017, the BOD and Stockholders of PFCI approved the shortening of the corporate life of PFCI until March 31, 2019. PFCI which has ceased operations since 2005, was placed under the liquidation process. The Company deconsolidated PFCI and recognized a gain of P28.2 million on deconsolidation.

On December 22, 2017, the SEC approved the debt to equity conversion of the remaining payable of P407.1 million to Kormasinc at P1.52 a share increasing Kormasinc's ownership interest from 69.20% to 71.90%.

On May 31, 2018, the Security and Exchange Commission approved the shortening of the corporate life of Gromax Inc. until November 10, 2019. Gromax Inc. which has ceased operations since 2015. The Company deconsolidated Gromax Inc. and recognized a loss of P22.5 million on deconsolidation in June 2018.

On July 11, 2018, the SEC approved the Change in Par Value which resulted to Decrease of Capital Stock of the Company from P3.5billion divided into 3.5 billion shares with par value of P1.00 each to P1.33 billion divided into 3.5 billion shares with the par value of P.38 each.

On July 18, 2018, the company received the Certificate of Approval of Equity Restructuring to wipe out deficit as of December 31, 2017 in the amount of P2,256,037,517.00 against the Additional Paid in Capital of P2,257,508,376.68

The registered principal place of business of the Company is located at Marilao-San Jose Road, Sta. Rosa I, Marilao, Bulacan. The Company has operating offices in Luzon, Iloilo and Davao, and maintains satellite offices in Southern Philippines.

Results of Operations:

For the third quarter of 2018, Vitarich Corporation and its subsidiaries generated consolidated sale of goods of ₱6,087 million, higher by 31% from ₱4,652 million of same quarter last year due to increased volume of all product lines.

Vitarich's cost of goods consists of raw material and packaging costs, manufacturing costs, and direct labor costs grew by 34% due to higher raw material prices, particularly corn, wheat and soya.

The Company generated gross profit of ₱536 million for the third quarter, 3% higher from a year ago despite higher raw material prices.

For the third quarter, consolidated operating expenses is at ₱430 million, 9% higher against third quarter of the previous year.

Other operating income for the third quarter of 2018 has decreased by 6% against the other operating income for the same period last year.

The Company achieved an operating profit of ₱123 million, 14% lower versus same period of last year because of high operating expenses particularly in distribution costs.

Other charges amounted to ₱45.3 million in the third quarter of 2018, wherein the ₱22.5 is a one-time extraordinary expense related to deconsolidation of a subsidiary. This has resulted to a consolidated net income before tax for the third quarter of ₱78 million as against last year's net income of ₱112 million.

Corporate Action Plan:

For Feeds, the Company will continue to deliver **superior products through continuing improvements in its formulations and production processes**. The Company has plans to venture into piglet production to support its hog feeds. The Company aims to reposition its animal and aqua feed lines.

For Foods & Farms, Vitarich will expand the poultry business by increasing its breeder capacity. The Company will also increase its food market base by developing chicken value-added products and expanding its distribution channels by way of penetrating hotel, restaurant, and institution (or HRI) accounts, and tapping selected supermarket for its fresh dressed chicken.

Subsidiaries:

Gromax, Inc. is a wholly owned subsidiary of the Company which started commercial operation in January 1996. Previously, Gromax was a division of the Company, which was spun off to a separate entity. Gromax was registered with SEC on November 10, 1995.

Effective April 1, 2015 the operations of Gromax, manufacturing animal health and nutritional feeds, was reintegrated into the Company. Specialty feeds supplement the product offering of animal feeds produced by the company. Pursuant to the reintegration, Gromax transferred all its employees to the Company. Retirement benefits accruing to these employees were transferred accordingly.

On May 31, 2018, the Security and Exchange Commission approved the shortening of the corporate life of Gromax Inc. until November 10, 2019. Gromax Inc. which has ceased operations since 2015. The Company deconsolidated Gromax Inc. and recognized a loss of P22.5 million on deconsolidation in June 2018.

Philippine's Favorite Chicken Inc. (PFCI), one of the subsidiaries of the Company, entered into distribution agreements in 1995 with America's Favorite Chicken Company (AFC), a company that operates the Texas Chicken and Popeye's Chicken restaurants in the United States. Under these distribution agreements, PFCI will distribute the paper goods, restaurant supplies, equipment, and food products to Texas Manok Atbp. Inc. (TMA). The latter corporation, which is owned by the Sarmiento family, in turn, entered into a development and franchise agreement with AFC. Under the development agreement between TMA and AFC, PFCI was granted the exclusive right to develop an aggregate of fifty (50) Texas Chicken and fifty (50) Popeye's Chicken restaurants in the Philippines in consideration for territorial and franchise fees payable to AFC as stipulated in the agreements. In addition, a 5% percent royalty fee based on sales is assessed for each franchised restaurant. This royalty is being paid by TMA, the operator of the restaurant.

The franchise agreement allows the PFCI to use the Texas Chicken and Popeye's Chicken trade names, service marks, logos, food formulae and recipes, and other exclusive rights to the proprietary Texas and Popeye's Chicken System.

The development of the restaurants is scheduled over a period of seven years starting in 1995 for Texas Chicken and 1996 for Popeye's. The franchise agreement shall be for a period of ten (10) years for each restaurant unit, renewable for four additional periods of five years each, at the option of the franchisee. However, PFCI, in 2000, lost its right to develop Popeye's Chicken in the Philippines.

On October 1, 1998, the Board of Directors of PFCI approved the conversion into equity of the advances of Vitarich Corporation to PFCI amounting to ₱165 million to be applied to its unpaid subscriptions and for additional shares of stock of PFCI. Out of the ₱165 million advances to be converted into equity, ₱25 million was applied to Vitarich's unpaid subscription while the remaining ₱140 million was shown under Deposit on Future Stock Subscriptions account pending the approval from the SEC of the conversion.

In 2003, PFCI reverted the investment in shares of stock in PFCI to Advances to subsidiaries amounting to ₱140 million, as the Board of Directors of PFCI decided not to pursue its application with the SEC to convert into equity the advances received from Vitarich. PFCI initially recorded the transaction as an increase in investment in shares of stock in PFCI and a decrease in advances to subsidiaries when the Board of Directors of PFCI approved the proposed conversion in 1998.

AFC unilaterally terminated its development and franchise agreements with PFCI in 2001. As a result, in August 2001, PFCI and TMA filed a case against AFC and some of AFC's officers, such as Tom Johnson, Anthony Pavese and Loreta Sassen, among others, for undue termination of the development and franchise agreements with the Regional Trial Court of Pasig City, docketed as Civil Case No. 68583. The

case called for injunction, specific performance, sum of money, and damages against AFC and some of its officers.

In connection with such legal action, in 2001, PFCI recognized as claims receivable, as of December 31, 2001, certain losses arising from the closure of certain Texas Chicken restaurants and legal fees incurred relating to the case filed against AFC. Losses recognized as claims receivable include, among others, the loss on write-off of leasehold and building improvements relating to the closed stores. The total amount recognized as claims receivable (presented as part of Other Non-current Assets account in the condensed interim consolidated balance sheets) totaled ₱23.2 million as of December 31, 2001.

The Regional Trial Court of Pasig City, in a decision dated April 3, 2002, approved the issuance of a preliminary writ of attachment on the properties of AFC in the Philippines upon posting of PFCI and TMA of a bond amounting to ₱100 million. Management believed that this case would be settled in favor of PFCI and TMA.

On September 24, 2003, the trial court granted the Motion to Dismiss filed by two of the defendants. PFCI, in turn, filed a Motion for Partial Reconsideration of the order. Moreover, AFC has filed a Petition for Certiorari before the Court of Appeals assailing the validity of the trial court previously issued writ of attachment.

On December 22, 2004, the parties have entered into a compromise agreement for the settlement of the case of which the parties have filed a joint motion to dismiss before the Regional Trial Court of Pasig City, Branch 152.

On March 4, 2005, the Regional Trial Court of Pasig City, Branch 152 had approved the Joint Motion to Dismiss filed by the parties based on the Compromise Agreement entered into by them, thus, putting an end to the case.

In 2005, PFCI discontinued operations of its Texas Manok's Restaurants. Accordingly, it terminated all its employees and provided full valuation allowances on all its remaining assets.

On July 26, 2017, the BOD and Stockholders of PFCI approved the shortening of the corporate life of PFCI until March 31, 2019. PFCI which has ceased operations since 2005, was placed under the liquidation process. The Company deconsolidated PFCI and recognized a gain of P28.2 million on deconsolidation in December 2017.

Financial Condition

Unaudited balance sheet as at September 30, 2018 vs. audited December 31, 2017

The Company's consolidated total assets as at September 30, 2018 stood at ₱3,528 million, 12% higher than December 31, 2017 level of ₱3,156 million. Total current assets increased from ₱2,023 million as at December 31, 2017 to ₱2,301 million as at September 30, 2018.

Cash balance decreased to ₱163 million as at September 30, 2018 from ₱323 million as at December 31, 2017. The decrease in cash was attributed to net cash outflows provided by operating activities.

Trade and other receivables account increased by 8% because of higher sales revenue.

Inventories amounting to ₱797 million as at September 30, 2018 increased from ₱508 million as at December 31, 2017.

Other current assets account of ₱54.9 million as at September 30, 2018 was slightly decreased as compared to ₱55.5 million as at December 31, 2017. Other non-current assets decreased by ₱5.3million as compared to its balance as at December 31, 2017.

Total current liabilities as at September 30, 2018 amounted to ₱1,849 million, higher by 17% as compared to its balance as at December 31, 2017.

Stockholders' equity increased from ₱1,399 million to ₱1,489 million, due to net income posted for the third quarter of 2018.

The Corporation's top five (5) key performance indicators are described as follows:

	Unaudited Sep 2018	Unaudited Sep 2017
Revenue (₱ million)	₱6,087	₱4,652
Cost Contribution (₱ million)	5,551	4,130
Gross Profit Rate (%)	9%	11%
Operating Income (₱ million)	123	144

1) Sales Volume, Price, and Revenue Growth

Consolidated revenue composed of feeds, day old chicks, chicken and animal health products sales amounted to ₱6,087 million, higher than the same period last year of ₱4,652 million, mainly because of higher sales volume of chicken and animal feeds.

2) Cost Contribution

This measures the cost efficiency of the products and trend of raw materials prices, particularly importations wherein there are foreign exchange exposures. Costs are analyzed on a regular basis for management's better strategic decisions in cost reduction and efficiency measures.

3) Gross Profit Rate

The review is done on a regular basis to check if the targets are being met based on the forecasted gross profit rate. This is being done on a regular basis for proper and immediate action.

4) Operating Margin

This is the result after operating expenses are deducted. Review of operating expenses is performed on a regular basis. These are being analyzed and compared against budget, last month and previous years, to ensure that cost reduction measures are being met and implemented.

VITARICH CORPORATION AND SUBSIDIARIES

NOTES TO CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS FOR THE PERIOD ENDED SEPTEMBER 30, 2018

1. Corporate Information and Status of Operations

Vitarich Corporation (singly and collectively referred to as the Company) was incorporated in the Philippines and registered with the Securities and Exchange Commission (SEC) on July 31, 1962 to engage primarily in manufacturing and selling of feeds and livestock. On March 30, 2012, the SEC approved the extension of its corporate life for another 50 years. The Company's shares of stock were registered with the Philippine Stock Exchange on February 8, 1995.

The subsidiaries of the Company are as follows:

	Line of Business	Percentage	
		2018	2017
Gromax, Inc. (Gromax)*	Manufacturing	—	100.00
Philippines Favorite Chicken, Inc. (PFCI)**	Distributor	—	—

*Ceased operations in 2015 and deconsolidated in June 2018.

**Ceased operations in 2005 and deconsolidated in 2017.

On October 16, 2013, the SEC approved the Company's increase in authorized capital stock to ₱3.5 billion and the conversion of Company debts amounting to ₱2.4 billion to Kormasinc, Inc. (Kormasinc) into equity at 1 share of common stock for every ₱1.00 debt. Of the converted debt, ₱90.0 million was applied as payment for 90,030,236 shares from unissued shares and ₱2.3 billion was applied as payment for additional shares from the increase in authorized capital.

With the debt to equity conversion and significant improvement in the Company's operations, the Regional Trial Court of Malolos, Bulacan (the Rehabilitation Court) approved the Company's exit from Corporate Rehabilitation on September 16, 2016.

On June 30, 2017, the Company's stockholders approved the Company's plan to undergo a Quasi-reorganization. The Company will reduce the par value of the Company share and the existing additional paid-in capital and outstanding revaluation surplus will be applied to eliminate the Company deficit of ₱2.2 billion as at December 31, 2017. The Company, however, has yet to submit the necessary requirements to the SEC as at December 31, 2017.

On July 26, 2017, the BOD and Stockholders of PFCI approved the shortening of the corporate life of PFCI until March 31, 2019. PFCI which has ceased operations since 2005, was placed under the liquidation process. The Company deconsolidated PFCI and recognized a gain of ₱28.2 million on deconsolidation.

On December 22, 2017, the SEC approved the debt to equity conversion of the remaining payable of ₱407.1 million to Kormasinc at ₱1.52 a share increasing Kormasinc's ownership interest from 69.20% to 71.90%.

On May 31, 2018, the Security and Exchange Commission approved the shortening of the corporate life of Gromax Inc. until November 10, 2019. Gromax Inc. which has ceased operations since 2015. The Company deconsolidated Gromax Inc. and recognized a loss of P22.5 million on deconsolidation in June 2018.

On July 11, 2018, the SEC approved the Change in Par Value which resulted to Decrease of Capital Stock of the Company from P3.5billion divided into 3.5 billion shares with par value of P1.00 each to P1.33 billion divided into 3.5 billion shares with the par value of P.38 each.

On July 18, 2018, the company received the Certificate of Approval of Equity Restructuring to wipe out deficit as of December 31, 2017 in the amount of P2,256,037,517.00 against the Additional Paid in Capital of P2,257,508,376.68.

The registered principal place of business of the Company is located at Marilao-San Jose Road, Sta. Rosa I, Marilao, Bulacan. The Company has operating offices in Luzon, Iloilo and Davao, and maintains satellite offices in Southern Philippines.

Status of Operations

The Company has significantly increased sales for the period ended September 30, 2018 to ₱6,087.3 million from ₱4,651.8 million for the period ended September 30, 2017 resulting from intensive marketing, introduction of more food products, improved formulation technology for its feeds products and tolling operational partnerships.

The Company is focusing towards establishing operational partnerships, strengthening its core products by improving quality standards, continuing its cost reduction program and revisiting customer and supplier terms to increase sales and to improve operating results. As a result of the implementation of these programs, the Company generated operating income of ₱123.3 million in the third quarter of 2018.

With these corporate initiatives, the Company has continued to generate the necessary cash flow to sustain its operations and settle its remaining liabilities.

2. Basis of Preparation and Statement of Compliance

The unaudited interim consolidated financial statements of the Company have been prepared on the historical cost basis of accounting, except for property, plant and equipment and investment properties which are stated at fair value, and are presented in Philippine Peso, the Company's functional and presentation currency. All values represent absolute amounts except when otherwise stated.

The unaudited interim consolidated financial statements do not include all the information and disclosures required in the annual financial statements, and should be read in conjunction with the Company's annual consolidated financial statements as at December 31, 2017.

The unaudited interim consolidated financial statements of the Company for the nine (9) months ended September 30, 2018 have been prepared in accordance with Philippine Accounting Standards (PAS) 34, *Interim Financial Reporting* and in compliance with Philippine Financial Reporting Standards (PFRS) issued by the Philippine Financial Reporting Standards Council (FRSC) and adopted by the SEC. This financial reporting framework includes PFRS, PAS, Philippine Interpretations from International Financial Reporting Interpretations Committee (IFRIC) and SEC provisions.

3. Summary of Changes in PFRS

Adoption of New and Amended PFRS

The accounting policies adopted are consistent with those of the previous financial year, except for the adoption of the following new and amended PFRS which the Company adopted effective for annual periods beginning on or after January 1, 2017:

- Amendments to PAS 7, *Statement of Cash Flows - Disclosure Initiative* – The amendments require entities to provide information that enable the users of financial statements to evaluate changes in liabilities arising from their financing activities.
- Amendments to PAS 12, *Income Taxes - Recognition of Deferred Tax Assets for Unrealized Losses* – The amendments clarify the accounting for deferred tax assets related to unrealized losses on debt instruments measured at fair value, to address diversity in practice.
- Amendment to PFRS 12, *Disclosures of Interests in Other Entities – Clarification of the Scope of the Standard* – The amendment is part of the Annual Improvements to PFRS 2014-2016 Cycle and clarifies that the disclosure requirements in PFRS 12, other than those relating to summarized financial information, apply to an entity's interest in a subsidiary, a joint venture or an associate (or a portion of its interest in a joint venture or an associate) that is classified (or included in a disposal group that is classified) as held for sale.

The adoption of the foregoing new and amended PFRS did not have any material effect on the financial statements. Additional disclosures have been included in the notes to consolidated financial statements, as applicable.

New and Amended PFRS Not Yet Adopted

Relevant new and amended PFRS which are not yet effective for the year ended December 31, 2017 and have not been applied in preparing the financial statements are summarized below.

Effective for annual periods beginning on or after January 1, 2018 -

- PFRS 9, *Financial Instruments* – This standard will replace PAS 39, *Financial Instruments: Recognition and Measurement* (and all the previous versions of PFRS 9). It contains requirements for the classification and measurement of financial assets and financial liabilities, impairment, hedge accounting and derecognition.

PFRS 9 requires all recognized financial assets to be subsequently measured at amortized cost or fair value (through profit or loss or through other comprehensive income), depending on their classification by reference to the business model within which they are held and their contractual cash flow characteristics.

For financial liabilities, the most significant effect of PFRS 9 relates to cases where the fair value option is taken: the amount of change in fair value of a financial liability designated as at fair value through profit or loss that is attributable to changes in the credit risk of that liability is recognized in other comprehensive income (rather than in profit or loss), unless this creates an accounting mismatch.

For the impairment of financial assets, PFRS 9 introduces an “expected credit loss” model based on the concept of providing for expected losses at inception of a contract; it will no longer be necessary for there to be objective evidence of impairment before a credit loss is recognized.

For hedge accounting, PFRS 9 introduces a substantial overhaul allowing financial statements to better reflect how risk management activities are undertaken when hedging financial and non-financial risk exposures.

The derecognition provisions are carried over almost unchanged from PAS 39.

- Amendments to PFRS 2, *Share-based Payment - Classification and Measurement of Share-based Payment Transactions* – The amendments clarify the effects of vesting and non-vesting conditions on the measurement of cash-settled share-based payments, the accounting for

share-based payment transactions with a net settlement feature for withholding tax obligations, and the effect of a modification to the terms and condition of a share-based payment that changes the classification of the transaction from cash-settled to equity settled.

- PFRS 15, *Revenue from Contract with Customers* – The new standard replaces PAS 11, *Construction Contracts*, PAS 18, *Revenue* and related interpretations. It establishes a single comprehensive framework for revenue recognition to apply consistently across transactions, industries and capital markets, with a core principle (based on a five-step model to be applied to all contracts with customers), enhanced disclosures, and new or improved guidance (e.g. the point at which revenue is recognized, accounting for variable considerations, costs of fulfilling and obtaining a contract, etc.).
- Amendment to PFRS 15, *Revenue from Contract with Customers* - Clarification to PFRS 15 – The amendments provide clarifications on the following topics: (a) identifying performance obligations; (b) principal versus agent considerations; and (c) licensing. The amendments also provide some transition relief for modified contracts and completed contracts.
- Amendments to PAS 40, *Investment Property - Transfers of Investment Property* – The amendments clarify when an entity should transfer property, including property under construction or development into, or out of investment property. The amendments state that a change in use occurs when the property meets, or ceases to meet, the definition of investment property and there is evidence of change in use. A mere change in management's intentions for the use of the property does not provide evidence of a change in use.

Effective for annual periods beginning on or after January 1, 2019 -

- PFRS 16, *Leases* – Significant change introduced by the new standard is that almost all leases will be brought onto lessees' balance sheets under a single model (except leases of less than 12 months and leases of low-value assets), eliminating the distinction between operating and finance leases. Lessor accounting, however, remains largely unchanged and the distinction between operating and finance lease is retained.
- Philippine Interpretation IFRIC 23, *Uncertainty Over Income Tax Treatments* – The interpretation provides requirements in addition to those set in PAS 12, *Income Taxes* by specifying how to determine the accounting tax position when there is uncertainty over tax treatments. It requires an entity to (a) determine whether uncertain tax positions are assessed separately or as a group, and (b) assess whether it is probable that a tax authority will accept an uncertain tax treatment used, or proposed to be used, by an entity in its income tax filings. If the entity concludes that it is probable that a particular tax treatment is accepted, the entity has to determine taxable profit (tax loss), tax bases, unused tax losses, unused tax credits or tax rates consistently with the tax treatment included in its income tax filings. Otherwise, the entity has to use the most likely amount or the expected value of the tax treatment when determining taxable profit (tax loss), tax bases, unused tax losses, unused tax credits and tax rates. The decision should be based on which method provides better predictions of the resolution of the uncertainty.

Under prevailing circumstances, the adoption of the foregoing new and amended PFRS is not expected to have any material effect on the financial statements of the Company except for PFRS 9 and PFRS 16.

The Company anticipates that the application of PFRS 9 and 16 might have a significant effect on amounts reported in respect of the Company's financial assets and financial liabilities and leases. However, it is not practicable to provide a reasonable estimate of that effect until a detailed review has been completed. Additional disclosures will be included in the consolidated financial statements, as applicable.

4. Deconsolidation of a Subsidiary

On May 31, 2018, the Security and Exchange Commission approved the shortening of the corporate life of Gromax Inc. until November 10, 2019. Gromax Inc. which has ceased operations since 2015. The Company deconsolidated Gromax Inc. and recognized a loss of P22.5 million on deconsolidation in June 2018.

The related accounts of Gromax Inc. as at May 31, 2018 (the date the control is lost) have been excluded in the consolidated financial statements of the Company.

The details of the carrying amounts of assets and liabilities of Gromax Inc. deconsolidated are as follows (*in thousands*):

	Amount

Trade receivables are usually due within 30 to 90 days and are noninterest-bearing.

Nontrade receivables comprise mainly of receivables arising from incidental income of the Company such as tolling, rentals, hatching, hauling and laboratory analysis charges. These are settled within 30-60 days and are noninterest-bearing.

The Company has an outstanding claim for typhoon damages from Charter Ping An Insurance Corporation. Pursuant to the Insurance Code, the Company is entitled to interest on its claim at a rate twice the ceiling prescribed by the Monetary Board beginning March 12, 2010, 90 days from the date the Company has filed the claim. On August 17, 2016, the Company received ₱58.9 million as partial settlement. The Company continues to legally pursue the remaining outstanding balance of ₱157.5 million as at December 31, 2017. The court proceedings for the remaining claims were remanded to the Regional Trial Court of Malolos City in accordance with the resolution issued by the Court of Appeals on February 13, 2018. Management and its legal counsel believe that the ongoing litigation on the remaining claims will not result in any significant adverse impact on the Company's financial condition and results of operations.

Advances to suppliers pertain to advance payments on purchases of goods and services to be purchased in the Company's normal course of business. These goods and services are expected to be delivered within a year.

Advances to officers and employees are unsecured, noninterest-bearing and subject to salary deduction or liquidation for a specified period of time of about one year.

Other receivables comprise mainly of unsecured and non-interest bearing short term deposits and claims from Philippine Social Security System.

Fair Value Measurement

The Company's property, plant and equipment (except for transportation equipment) were appraised by an independent firm of appraisers. The latest appraisal report is at December 31, 2016. The fair value measurement for property, plant and equipment has been categorized as level 3 (significant unobservable inputs).

Description of valuation techniques used and key inputs to valuation on property, plant and equipment follows:

	Valuation Technique	Significant Unobservable Inputs	Remaining useful life
Machinery and Equipment	Cost Reproduction Approach	Replacement cost less accrued depreciation	3 - 20 years remaining useful life
Buildings	Cost Reproduction Approach	Replacement cost less accrued depreciation	5 - 20 years remaining useful life
Land Improvements	Cost Reproduction Approach	Replacement cost less accrued depreciation	2 - 4 years remaining useful life
Office Furniture, Fixtures and Equipment	Cost Reproduction Approach	Replacement cost less accrued depreciation	2 - 4 years remaining useful life
Leasehold Improvements	Cost Reproduction Approach	Replacement cost less accrued depreciation	2 - 4 years remaining useful life

The significant unobservable inputs to fair valuation are as follows:

Price per square meter: estimated value prevailing in the real estate market depending on the location, area, shape and time element.

Value adjustments: adjustments are made to bring the comparative values in approximation to the investment property taking into account the location, size, architectural features and etc.

Sales comparison approach involves the comparison of the land to those that are more or less located within the vicinity of the appraised property and are subject of recent sales and offerings. Adjustments were made to arrive at the market value by considering the location, size, shape, utility, desirability and time element.

10. Investment Properties

Investment properties comprise of the Company's hatchery buildings, dressing and rendering plants that are held to earn rentals and parcels of land foreclosed by the Company to settle customers' liabilities. These foreclosed parcels of land are being held for capital appreciation only.

Movements in this account are summarized below (*in thousand Pesos*):

	Unaudited Sep 2018	Audited Dec 2017
Balance at beginning of year	₱540,175	₱495,216
Additions	8,496	44,959
Disposal	(4,671)	-
Balance at end of year	₱544,000	₱540,175

Fair Value Measurement

Investment properties are revalued periodically at fair values as determined by an independent firm of appraisers. The latest appraisal report is at December 31, 2017. The fair value measurement for investment properties has been categorized as level 3 (significant unobservable inputs).

Description of valuation techniques used and key inputs to valuation on investment properties follows:

	Valuation Technique	Significant unobservable inputs	Remaining useful life
Building	Cost of Reproduction Approach	Replacement cost less accumulated depreciation	5 - 20 years remaining useful life

The significant unobservable inputs to fair valuation are as follows:

Price per square meter: estimated value prevailing in the real estate market depending on the location, area, shape and time element.

Value adjustments: adjustments are made to bring the comparative values in approximation to the investment property taking into account the location, size, architectural features and etc.

Sales comparison approach involves the comparison of the land to those that are more or less located within the vicinity of the appraised property and are subject of recent sales and offerings. Adjustments were made to arrive at the market value by considering the location, size, shape, utility, desirability and time element.

11. Trade and Other Payables

This account consists of (*in thousand Pesos*):

	Unaudited Sep 2018	Audited Dec 2017
Trade	₱1,234,186	₱1,118,159

Customers' deposits	100,690	95,527
Other	13,102	20,681
	₱1,572,246	₱1,387,606

Trade payables primarily consist of liabilities arising from purchases of raw materials related to the normal course of business. These are noninterest-bearing and are generally on a 90-day credit term.

Accrued expenses are normally settled within one year. Accrued expenses mainly pertain to salaries and wages, freight and handling, outside services, rebates, taxes and licenses, commission, plant and office supplies.

Nontrade payables are liabilities arising from purchases of goods, other than raw materials, and various services giving rise to expenses such as trucking fees, utilities, security services and inspection fees, among others. These are settled within one year.

Customers' deposits are amounts received from animal and aqua feeds' customers. These serve as collateral for any unpaid balances.

Other payables consist of advances from officers and employees, social security premiums payable and other statutory liabilities. These are normally settled within a year.

12. Loans Payable

The Company obtained peso-denominated short-term loans from local banks to finance its working capital requirements. The short-term loans bear interest rate at 5.50% per annum.

Interest expense amounted to ₱9.2 million and ₱3.0 million as at Sep 2018 and 2017, respectively.

Changes in liabilities arising from financing activities presented in statements of cash flows pertain to the following:

	Amounts
Beginning balance	₱170,370
Availments of loans	497,171
Payments of loans	(402,827)
	₱264,714

13. Cash Bond Deposits

Cash bond deposits amounting to ₱36.8 million and ₱31.5 million as at September 30, 2018 and December 31, 2017, respectively, substantially consist of surety bond deposits obtained from contract growers, contract breeders, customers and salesmen.

The carrying amounts of the cash bond deposits are at nominal values because the timing of the refund or settlement could not be reasonably estimated.

Diluted earnings per share is equal to the basic earnings per share since the Company does not have potential dilutive shares.

18. Segment Information

The Company's operating businesses and those of its subsidiaries are organized and managed separately according to the nature of products and services provided, with each segment representing a strategic business unit that offers different products and serves different markets.

- a) The Food segment is engaged in the growing, production and distribution of chicken broilers, either as live or dressed. Its products are distributed to wet markets and supermarkets.
- b) The Feeds segment caters to the feed requirement of the poultry, livestock, and fish growers. It is engaged in the manufacture and distribution of animal and aqua feeds, animal health and nutritional products, and feed supplements.
- c) The Farms segment is involved in the production of day-old chicks and pullets.
- d) The Corporate and Others segment includes general and corporate income and expense items which are not specifically identifiable to a particular segment.

Segment assets and liabilities include all operating assets used by a segment and consist principally of operating cash, receivables, inventories and property, plant and equipment, net of allowance. Segment liabilities include all operating liabilities and consist principally of accounts, wages, taxes currently payable and accrued liabilities. Segment liabilities do not include deferred tax liabilities.

The Company generally accounts for intersegment sales and transfers at cost.

The following table presents revenue and profit information regarding business segments for the third quarter ended September 30, 2018, and certain asset and liability information regarding business segments at September 30, 2018.

Currently, the Company's operation is only in the Philippines, hence it has no geographical segment. The Company, however, has manufacturing plants in different regions of the country.

19. Finance Lease Agreements

The Company entered into finance lease arrangements for the acquisition of Company vehicles. The arrangements bear annual interest rate ranging from 5% to 7% and are payable in 60 equal monthly installments.

As at September 30, 2018, details of the account are as follows *(in thousands)*:

	Unaudited Sep 2018	Audited Dec 2017
Current portion	₱12,422	₱20,666
Noncurrent portion	38,668	₱25,033
	₱51,090	₱45,699

Interest expense charged to operations from finance lease liability amounted to ₱2.8 million and ₱1 million in Sep 2018 and Sep 2017, respectively.

20. Risk Management Objectives and Policies

The Company is exposed to a variety of financial risks which result from its operating, financing and investing activities. The Company's overall risk management program focuses on the unpredictability of the markets and seeks to minimize potential adverse effects on the Company's performance.

The Company does not engage in the trading of financial assets for speculative purposes nor does it write options. The financial risks, which the Company is exposed to, are described below:

Foreign Currency Sensitivity

To a certain extent, the Company has an exposure to foreign currency risks as some of its raw materials purchases are sourced outside the Philippines and are therefore denominated in foreign currencies. However, the Company has not yet experienced significant losses due to the effect of foreign currency fluctuations since purchases denominated in foreign currency are kept at a minimum.

Credit Risk

Generally, the maximum credit risk exposure of the financial assets is the carrying amount of the financial assets as shown on the face of the consolidated statements of financial position.

The Company continuously monitors defaults of counterparties, identified either individually or by group, and incorporates this information into its credit risk controls. Where available at a reasonable cost, external credit ratings and/or reports on counterparties are obtained and used. The Company's policy is to deal only with creditworthy counterparties.

The Company's trade and other receivables are not exposed to a concentration of credit risk as the Company deals with a number of customers. The trade and other receivables are actively monitored and assessed, and where necessary an adequate level of provision is maintained. In addition, to minimize credit risk, the Company requires collateral, generally land and real estate, from its customers.

The Company's management considers that trade and other receivables that are not impaired nor past due for each reporting periods are of good credit quality.

Liquidity Risk

The Company manages its liquidity profile to be able to service its long-term debt as this fall due by maintaining sufficient cash from operations. The Company maintains cash to meet its liquidity requirements for up to 30-day periods.

Price Risk

The Company is exposed to commodity price risk as the raw materials of its main products are subject to price swings. The Company's management actively seeks means to minimize exposure to such risk.
