Largest Vitarich warehouse opens in Davao City

December 21, 2022– Vitarich Corporation (PSE: VITA) recently opened its largest warehouse nationwide. It can store approximately 6,600 metric tons of raw materials and finished goods, which expands the inventory capacity for Mindanao by 47% to 11,900 metric tons.

Among these improvements were a modernized dressing plant and laboratory and equipment in Marilao, Bulacan, enhancements to the management systems for supply chain, inventory, and information technology, and other investments in technologies and capabilities across the company to enable end-to-end processes.

"This warehouse is a necessary investment which we believe will set us up for further growth as we strengthen our presence in Mindanao and serve the growing demand," said Rocco Sarmiento, President and CEO. "With increased capacity, we can ship in main commodities in bulk to manage our risks related to raw materials and ensure that we continue to scale up and support food security at all times."

As of September 30, 2022, Mindanao accounted for P3.4 billion or 40% of the company's total revenues, rising steadily in recent years with the Feeds segment growing at a compound annual growth rate of 15% from 2016 to 2021. In November, the company announced that it successfully renewed its ISO 22000:2018 food safety management system certification for its feed mills, including the plant in Davao City.
